

# 2022

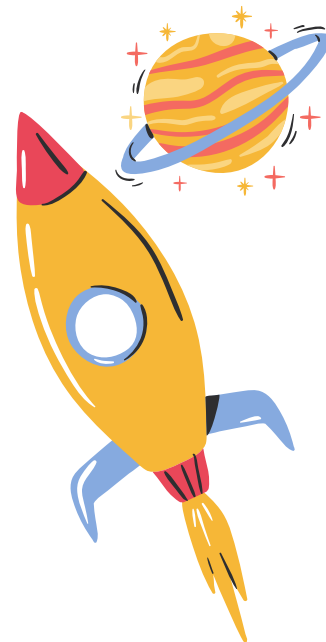

# SCIENCE ODYSSEY

## Registration is OPEN for Science Odyssey 2022!

This year's event will be virtual and will be an exciting opportunity for students to showcase their love of science and engineering to our community!

Students in grades 1-12 can register to enter projects in categories including Science, Engineering, Computer Science or Math/Data Analysis.

Special awards will be given for outstanding projects in behavioral science, water management, and innovation.

---

### Important Dates to Remember:
