Livermore Valley Joint Unified School District

Core Values for Teaching and Learning

PREAMBLE

The Governing Board of the Livermore Valley Joint Unified School District (LVJUSD) embraces as our mission that each student will graduate with the skills needed to contribute and thrive in a changing world and pledges:

- · To continually develop and support a high-quality staff that is committed to innovative teaching
- To insist on continuous improvement to ensure successful learning outcomes for all LVJUSD students

CORE VALUES

In support of our District's mission, our Superintendent and staff will adhere to the following core values for teaching and learning:

- LVJUSD schools will be safe, inclusive and welcoming for all students and their families.
- LVJUSD will provide current, relevant and engaging instructional materials and strategies that allow students to personalize their educational experience.
- LVJUSD will deliver innovative teaching and professional development that ensures the highest quality instruction that is responsive to each student's needs.
- All LVJUSD students will have equitable access to a wide range of challenging and inspiring courses and specialized programs that prepare students for college and career.

Board Approved 6-26-18

Principal's Message

At Del Valle High School, we are committed to preparing students to transition to successful postsecondary lives. We support students to develop academic and job-related skills, increase resiliency and problem-solving behaviors, improve their self-image, and set and meet personal goals.

Our fully accredited program—currently in year one of a six-year accreditation—provides students with an alternative approach to learning that allows them to achieve at their highest level. We offer a smaller, more personal environment for our students and have partnered with community agencies to ensure the nonacademic needs of our students are met. Our teaching staff delivers standards-aligned instruction in a differentiated approach to meet the individual needs of the different learners in each classroom. Whether it is credit recovery or graduating with their class, we work individually with students to achieve their goals.

We have high expectations of all our students:

- · Our students are very intelligent and have many talents
- · Our students are important members of their families and our community
- Our students are caring individuals and practice good citizenship

We are proud of the quality program we offer and the degree to which we encourage students to become active, lifelong learners.

Of the more than 500 continuation high schools in California, Del Valle was recognized by the state as a Model Continuation High School. Del Valle has been a Model Continuation High School since 2014.

School Mission Statement

Every student will graduate with the skills needed to thrive in a challenging and changing world.

School Vision Statement

Del Valle High School is a safe place for learning where all students are nurtured, valued and included. In our growth-mindset environment, students are challenged to reach their highest potential.

School Safety

The school safety plan is reviewed and updated yearly. The school safety plan was last reviewed, updated and discussed with the school faculty in October 2018. All the staff members have a copy of it in their staff binder, and a copy is available for parents or the community to view in the main office.

The health, safety and welfare of all members of the Del Valle community are on the top of our priority list. With this in mind, the school safety plan addresses the school's response to earthquakes, fire and intruders. Key elements of the school safety plan are safety supervision, crisis intervention plan, and our suspension and expulsion policy.

At weekly staff meetings, staff members discuss key elements of the school plan and the emergency standard-operating procedures of LVJUSD. All staff members know the location of gas, water and electrical shutoffs.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission and Vision Statements

Each student will graduate with the skills needed to contribute and thrive in a changing world.

District Goals

Goal 1: Increase the percentage of students who have the skills and knowledge to graduate from high school to be college and/or career ready.

Goal 2: Provide an engaging, clean, healthy, and physically and emotionally safe environment to support learning at the highest levels.

Goal 3: Enhance parent and community engagement and communication.

Governing Board

Anne White

Enrollment by Student Group

The total enrollment at the school was 115 students for the 2017-18 school year. The pie chart displays the percentage of students enrolled in each group.

Types of Services Funded

Categorical funds support a wide range of districtwide and site services to assist all students, including underperforming students, in meeting and exceeding standards. At the district level, categorical funds are used to provide program specialists and staff to monitor, implement and oversee Migrant Education, Native American Education, Special Education, Gifted and Talented Education (GATE) program services; intervention; summer school; TriValley Teacher Induction Project (TV/TIP) and new teacher support; professional development; Peer Assistance and Review and staff development; and the English learner (EL) program.

District-level advisory committees, such as the Local Control Accountability Plan (LCAP) District English Learner Advisory Council (DELAC), GATE Advisory Committee, Career Technical Education (CTE) Advisory Committee, Technology Committee, Math Leadership Committee, K-12 Writing Committees and Special Education Advisory Committee provide input and guidance to ensure compliance and ensure funds are used so that student needs are met. In addition, our district is implementing the LVJUSD Framework for Success. The framework includes multi-tiered systems of support for students' academic, behavioral and social emotional needs.

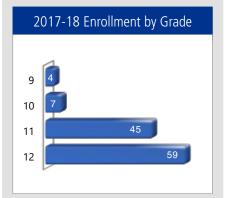

The following categorical programs provide the following services.

Categorical Program Funding Sources and Services:

- After School Education and Safety (ASES) funds support the Livermore BELIEVES program at Marylin Elementary and Junction K-8 Schools and the PAL program at all middle schools, by providing enrichment opportunities, homework support and academic intervention to students.
- Carl D. Perkins Vocational and Technical Education funds provide professional development, services, materials and resources for career technical education in our high schools.
- Migrant Education program funds provide a community liaison, community outreach, instructional aides, tutors, technology-based PASS program and preschool services.
- Tri-Valley Teacher Induction Program funds provide training and coaching for our new teaching staff and funds professional development.
- Special education funds provide staffing including program specialists, psychologists, therapists; professional development; transportation; and supplementary materials for special needs students.
- State Assessment Apportionments are used to administer state-mandated assessments.
- Title I: Funds provide resource teachers, supplemental instructional materials and assessments, instructional aides, staff development and parent involvement.
- Title II: Improving Teacher Quality funds provide high-quality professional development, training and coaching to certificated staff.
- Title III: English learner funds provide EL programs, services, parent education and professional development, supplemental instructional materials and support staff to ensure quality programs for English learner students.
- Title VI: American Indian funds are used for parent education, guest speakers, tutoring, cultural activities and incentives for Native American students.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2017-18 school year.

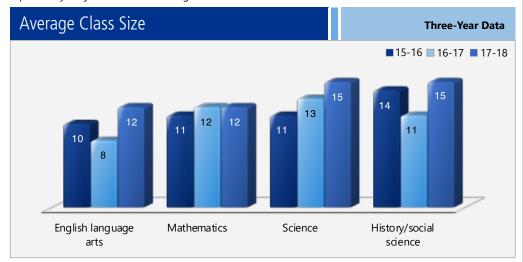

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates for the most recent three-year period. Note: Students are only counted one time, regardless of the number of suspensions.

gardiess of the fr						
Suspension and Expulsion Rates

Expulsion rates	0.1%	0.1%	0.1%			

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Number of Class	rooms	by Siz	е				T	hree-Yea	ır Data
		2015-16 2016-17				2017-18			
Cultinat	Number of Students

Science	9			5			5		
History/social science	14			14			10		

Professional Development

Our district recognizes that each employee—classified, certificated and management—influences the opportunities for students to achieve at the highest levels. In line with our District Professional Development Plan, we offer and support ongoing growth opportunities that allow every teacher, administrator and staff member to further develop the appropriate knowledge, skills and practices required to create learning environments that allow all students to demonstrate high levels of achievement. Our Board of Education and our district administration recognize that all staff members of the LVJUSD must be provided time and support to acquire, improve and enhance professional knowledge, practices and skills.

During the 2018-19 school year, relevant and timely professional development will be available and delivered to employees. In addition, the two designated professional development days and the flexible professional development day for certificated staff provide the option of individualized professional growth for teachers. Professional development will primarily focus on effective tier one instruction; student and staff safety; customer service; meeting the needs of students with Individual Education Plans (IEP); effective usage of technology as an instructional tool; effective instructional practices for English learners; and implementation of specialized programs such as Dual Immersion, Project Lead the Way, International Baccalaureate and Advanced Placement programs.

Professional Development [fessional Development Days			Three-Year Data
	2016-17		2017-18	2018-19
Del Valle HS	3 days		3 days	3 days

"We support students to develop academic and job-related skills, increase resiliency and problem-solving behaviors, improve their self-image, and set and meet personal goals."

Positive Learning Environment

At Del Valle High School, school safety and a positive learning environment are considered the responsibility of everyone in the building. Our teachers have published classroom-management plans that they have shared with all students and parents; they consistently apply these plans every day. Our full-time campus supervisor is proactive about keeping the campus calm, orderly and safe. We have schoolwide policies that address issues such as electronics and dress code in order to limit disruptions in the classroom. All staff members supervise the hallways during passing times and break. We have a discipline referral process that allows us to keep data on discipline incidents and ensures behaviors that negatively impact the learning environment are addressed. The administrative team works with students when disruption to the learning environment cannot be addressed in the classroom, supporting the efforts of our classroom teachers. Our overall school discipline policy is a common one shared between all secondary schools (grades 7-12) in the district.

assessment.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

The 2016–17 and 2017–18 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Mathematics	0%	2%	49%	51%	37%	38%

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition
- 5. Upper Body Strength and Endurance
- 3. Flexibility
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2017-18 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education plan (IEP) designates an alternate

Smarter Balanced Assessments

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/ Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grade 11.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

[♦] Not applicable.

Scores are not shown when the number of students tested is 10 or fewer, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

Completion of High School Graduation Requirements

This table displays school, district and California data for the percentages of students in the most recent graduating class who met all state and local graduation requirements for grade 12 completion. The formula for the completion of graduation requirements is the number of grade 12 students who met all graduation requirements divided by the number of students enrolled in grade 12 at the time of the Fall Census Day. For more information, please visit www.cde.ca.gov/ci/gs/hs/hsgrmin.asp or www.cde.ca.gov/ci/gs/hs/cefhsgradreq.asp.

Foster youth	*	*	74.08%

Graduation and Dropout Rates

This table displays the graduation and dropout rates for the most recent three-year period for which data is available. The four-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class. From the beginning of grade 9 (or the earliest high school grade), students who are entering that grade for the first time form a cohort that is "adjusted" by adding any students who subsequently transfer into the cohort and subtracting any students who subsequently transfer out. For more information, please visit http://dq.cde.ca.gov/dataquest.

Graduation and Dropout Rates					Three-Y	ear Data
	Graduation Rate			D	ropout Rat	te
	14-15	15-16	16-17	14-15	15-16	16-17
Del Valle HS	58.90%	68.00%	64.30%	26.70%	24.00%	32.10%
Livermore Valley JUSD	91.40%	93.60%	92.50%	5.90%	4.20%	5.70%
California	82.30%	83.80%	82.70%	10.70%	9.70%	9.10%

Scores are not shown when the number of students tested is 10 or fewer, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

Admission Requirements for California's Public Universities

University of California: Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for university-level work. For general admissions requirements, please visit the UC Admissions Information web page at http://admission.universityofcalifornia.edu.

California State University: Eligibility for admission to California State University (CSU) is determined by three factors: 1. specific high school courses, 2. grades in specified courses and test scores, and 3. graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission-guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application and fee information, see the CSU web page at www.calstate.edu/admission/ admission.shtml.

Course Enrollment for UC/CSU Admission

The table displays two measures related to the school's courses that are required for University of California and California State University admission for the most recent year for which data is available. For more detailed information, visit http://dq.cde.ca.gov/dataquest.

UC/CSU Admission

2016-17 and 2017-18 School Years				
Percentage of students enrolled in courses required for UC/CSU admission in 2017-18	93.86%			
Percentage of graduates who completed all courses required for UC/CSU admission in 2016-17	0.00%			

Textbooks and Instructional Materials

The LVJUSD has adopted the Next Generation Science Standards and the California State Standards in the following content areas: English/language arts and literacy in history/social science, science and technical subjects, and mathematics. Our district has also adopted the state content standards for history/social science, English language development (ELD), physical education, visual and performing arts, and career technical education. Our district adheres to state curricular guidelines for health and foreign language. The LVJUSD Board of Education has approved and adopted instructional materials in all content areas, aligned to state and district-adopted standards.

Our district reviews and adopts textbooks based on state and district standards. Our district instructional materials are selected and adopted in accordance with board policy and Board Regulation 6161.1 for Selection and Evaluation of Instructional Materials. Supplementary materials, including core literature and state-approved intervention materials are selected and used to increase access to standards-based instruction.

Our district's selection process includes a committee of teachers and administrators, along with parent input. The committee develops evaluation criteria, pilots materials, makes recommendations appropriate to each adoption cycle.

The final book selection is based on input from a district committee and the community. Staff development is provided for all new textbook adoptions. Districtwide adoptions include elementary English language arts and English language development in 2018-19 and secondary in 2019-20, history/social science in 2005-06, science in 2006-07, grades 9-12 math in 2007-08, grade 6-8 math in 2014, and grade K-5 math and algebra 1 in 2016. Textbooks are available, without charge, for all students. Each student receives a book for his or her own use. Students are responsible for keeping textbooks in good condition and for returning them promptly at the end of the school year.

By the eighth week of school each year, the LVJUSD Board of Education passes a resolution certifying, "Sufficient Standards-aligned textbooks and instructional materials were provided to each student, including English learners (EL), in mathematics, science, history/social science, and English/language arts, including the ELD component of an adopted program." Foreign language and health textbooks are adopted and ordered in sufficient quantities. In addition, science laboratory equipment is available for science laboratory courses offered in grades 9-12, inclusive.

In accordance with the terms of the Williams case settlement and Education Code 35186, a uniform complaint process has been developed, and guidelines are posted in every classroom. "Each student, including English learners, must have a textbook or instructional material, or both, to use in class and to take home. This requirement includes pupils enrolled in foreign language and health classes, and is applicable to science laboratory equipment for science laboratory courses offered in grades 9-12 inclusive." No complaints have been filed relative to "sufficiency" of instructional materials in our district.

Advanced Placement Courses

No information is available for Del Valle High School regarding Advanced Placement (AP) courses offered.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks		
2018-19 School Year		
Criteria	Yes/No	
Are the textbooks adopted from the most recent state- approved or local governing- board-approved list?	Yes	
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes	
Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes	

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status 2018-1		9 School Year
Items Inspected		Repair Status
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation	and HVAC)	Good
Interior: Interior surfaces (floors, ceilings, walls and window casings)		Good
Cleanliness: Pest/vermin control, overall cleanliness		Good
Electrical: Electrical systems		Good
Restrooms/fountains: Restrooms, sinks and drinking fountains		Good
Safety: Fire safety, emergency systems, hazardous materials		Good
Structural: Structural condition, roofs		Good
External: Windows/doors/gates/fences, playgrounds/school grounds		Good
Overall summary of facility conditions		Exemplary
Date of the most recent school site inspection		9/26/2018
Date of the most recent completion of the inspection form		10/1/2018

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed.

For all items inspected that were found to not be in "good repair," a work order has been created and maintenance will be completed before the end of the 2018-19 school year. Maintenance items will be prioritized so that student safety is not compromised.

Deficiencies and Repairs		2018-19 School Year
Items Inspected	Deficiencies and Action Taken or Planned	
Safety	Extinguishers need checked and tags signed. Operations Manager to speak to site custodians.	

School Facilities

Del Valle High School is housed in a beautiful historic building that was originally built in 1876 and rebuilt in 1922. In 2005, the wiring and electrical delivery were upgraded so that our rooms have appropriate heating and air-conditioning. We installed energy-efficient windows throughout the school in the summer of 2007. We also resurfaced the walls in the multipurpose room in 2007. The building has 12 classrooms, a multipurpose room/cafeteria, library, multiple offices and a kitchen that is used by the culinary program. Our fenced grounds include basketball courts, tennis courts, and softball fields that are shared with the community and the teams from Livermore High School.

The supervision of students is the responsibility of all staff and begins before the school day starts with the administrative team and a full-time campus supervisor; they supervise students outside the building and in the immediate surrounding neighborhood.

During passing times and breaks, all staff members supervise students in the hallways and on campus. After school, the administrative team is again outside the building, ensuring all students safely leave the area. We have a closed campus, and any visitors must sign in at the office and have official business in order to be permitted onto our campus. Loitering is not permitted on or near school grounds by students or others.

School Facilities

Continued from left

Education is a top priority in the community of Livermore, and maintaining a safe and orderly environment maximizes student learning. The citizens of Livermore have passed three major funding measures targeting school facility needs: Measure B in 1975, Measure L in 1999 and, most recently in June 2016, the generous and supportive Livermore community passed the Measure J Facilities Bond.

Measure J funds will be used to:

- Modernize classrooms, science labs and educational technology for 21st century instruction
- Repair aging infrastructure: roofs, plumbing, HVAC and electrical systems
- Renovate facilities for advanced science, technology, engineering and math (STEM) and Career Technical Education (CTE) courses
- Improve safety, including security lighting, fencing, fire safety, and other emergency systems
- Upgrade deteriorated hardscapes, physical education facilities, and pick-up/drop-off zones
- Increase access to school facilities to better accommodate individuals with disabilities

Through these bond measures and developer fees, the LVJUSD has been able to renovate, modernize and construct new schools following the Facilities Master Plan.

Facilities are maintained through the diligent efforts of the site custodial crews and the district maintenance staff. The LVJUSD Board of Education has adopted cleaning standards for all schools in the LVJUSD. The principal works with the custodial staff to develop cleaning schedules to maintain clean and safe schools. District maintenance staff performs the repairs necessary to keep the schools in good working order in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Parental Involvement

Livermore Valley Joint Unified School District (LVJUSD) values active parent engagement and believes that parent involvement is essential to the success of all students. LVJUSD Board Policy 6020(a) states:

"The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home."

Educational research suggests that highly effective schools have a number of features in common, including high levels of parent and community involvement. When parents take an active role in their children's education, students perform at high levels and have more well-rounded educational experiences. LVJUSD parents are welcome partners in our school community. There are a range of opportunities for parents to engage with schools, including Parent Teacher Associations (PTAs), Parent Faculty Associations (PFAs), sports and activity booster clubs, and other supporter groups. On a monthly basis, the superintendent of schools meets with a representative of each school's parent organization at the Parent Communication and Information Council (PCIC). This gathering provides an opportunity for parent groups to collaborate with each other and representatives of the district regarding events, opportunities, and activities for students and families. This is also a time district representatives share new initiatives and current information with parent leaders. In addition, parents have the opportunity to share general concerns and ask questions directly to the superintendent. Each school also has formal advisory groups including School Site Councils (SSCs) and English Learner Advisory Committees (ELACs) who represent other parents at the site and are critical in the development and monitoring of the Single Plan for Student Achievement (SPSA). A representative from each SSC serves on the district Local Control Accountability Plan (LCAP) Advisory Committee, and a member of each ELAC serves on the District English Learner Advisory Council (DELAC), which also serves as the LCAP English Learner Advisory Committee. Through these two-way systems of parent support and engagement, parents, district, and school staff have open lines of communication and opportunities to engage in meaningful ways

Del Valle High School encourages parental involvement. A significant component of the educational program we offer at Del Valle is the regular sharing of progress with our parents. We call or meet with parents on a regular basis to ensure clear communication from home to school and school to home. This helps students stay engaged and accountable for their education. Parents are also encouraged to be involved in their student's education by participating in the School Site Council (SSC); the English Learner Advisory Committee (ELAC); or volunteering in the classroom, on class trips and at special functions. For information on how to become involved with the school, please contact Darrel Avilla, principal, at (925) 606-4709.

"Del Valle has been a Model Continuation High School since 2014."

Career Technical Education Programs

The Del Valle Culinary Program is designed in such a way that students can meet the guidelines of a career pathway. Del Valle also has other classes that introduce students to career possibilities. Those classes include the bicycle assembly and repair program as well as our photography class. Many Del Valle students are working as well as attending school.

We have a college and career counselor and a district counselor who provide students information and resources. Our culinary program is designed to provide students entry-level food-service skills as well as the food handlers' certification. The sequence of courses includes Foods 1, Foods 2 and Hospitality.

Del Valle students can access career and technical education class as concurrently enrolled students in the Tri-Valley Regional Occupation Program and Livermore High School's Agriculture Program.

Throughout the year, there are periodic presentations from different vocational agencies, which include Diablo Valley College culinary program, Skilled Trade Apprenticeship Program, Local Carpenters Union, Livermore Police Department and the Livermore-Pleasanton Fire Department. Military recruiters support our students if they display an interest in the armed services. We also inform students about career and job fairs to expose students to a breadth of career options.

Del Valle is involved with the Tri-Valley Educational Collaborative, which connects students to vocational programs, Las Positas College and ROP offerings. Our students' participation in local ROP offerings is not large, but has been increasing over the last several years—particularly with programs that are offered on the comprehensive high-school campuses.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Career Technical Education Data		
Del Valle HS		
2017-18 Participation		
Number of pupils participating in a CTE program	35	
Percentage of pupils who completed a CTE program and earned a high school diploma	1.00%	
Percentage of CTE courses that are sequenced or articulated between a school and institutions of postsecondary education	100.00%	

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Teachers without a full credential include teachers with district and university internships, pre-internships, emergency or other permits, and waivers. For more information on teacher credentials, visit www.ctc.ca.gov.

Teacher Credential Information		Three-Year Data		
	Livermore Valley JUSD	I	Del Valle H	S
Teachers	18-19	16-17	17-18	18-19
With a full credential	648	13	12	12
Without a full credential	28	0	0	0
Teaching outside subject area of competence (with full credential)	11	0	0	0

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Please note that total teacher misassignments includes the number of teacher misassignments of English learners.

Teacher Misassignments and Vacant Teacher Positions		Three-Year Data	
	Del Valle HS		
Teachers	16-17	17-18	18-19
Teacher misassignments of English learners	0	0	0
Total teacher misassignments	0	0	0
Vacant teacher positions	0	0	0

Substitute Teachers

LVJUSD maintains the continuity and quality of education by making every effort to hire credentialed substitutes or the highest caliber professional who has passed the California Basic Educational Skills Test (CBEST). In addition, substitute teachers hold college degrees and proper documentation to ensure they meet the California Commission on Teacher Credentialing requirements. The district human resources department monitors the substitute pool to ensure adequate availability of substitutes to cover staff absences. LVJUSD is fortunate to have both a committed group of retired educators and aspiring teachers ready to serve our students.

Teacher Evaluations

Permanent teachers are evaluated every other year unless under a five-year evaluation cycle. Teachers who have not reached permanent status are evaluated every year. The evaluation is specified in the collective bargaining agreement between our district and the Livermore Education Association. The evaluation is aligned to the California Standards for the Teaching Profession (CSTP). The teacher and the evaluator meet to formulate professional goals based on the six CSTPs. The teacher is observed by his or her evaluator, and at least two goal-setting conferences are held. Teachers who need to improve are assigned a mentor teacher as stipulated in the contract.

School Support Staff

The district provides the following support staff and programs to meet the needs of students, teachers, parents and administrators: school community liaison, child welfare and attendance specialists, school psychologists, behaviorists, speech therapists, specialist for the hearing impaired, Resource Specialist Program (RSP), Registered Behavior Technicians (RBT), Special Services Preschool, special day classes (SDC), special education instructional aides, special education program specialists, adaptive physical education instructors, occupational therapists, high school counselors, school nurses, health aides, English learner (EL) program, Spanish and English Dual Immersion program, Migrant Education program, International Baccalaureate, interpreters and translators, bilingual instructional aides, curriculum specialists, Title I resource teachers, Title I instructional aides, and summer school programs.

Academic Counselors and School Support Staff

This table displays information about academic counselors and support staff at the school and their full-time equivalent (FTE).

Academic Counselors and School Support Staff Data		
2017-18 School Year		
Academic Counselors		
FTE of academic counselors	1.15	
Average number of students per academic counselor	100	
Support Staff	FTE	
Social/behavioral counselor	0.00	
Career development counselor	0.00	
Library media teacher (librarian)	0.00	
Library media services staff (paraprofessional)	0.53	
Psychologist	1.00	
Social worker	0.00	
Nurse	0.10	
Speech/language/hearing specialist	0.00	
Resource specialist (nonteaching)	0.00	

Financial Data

The financial data displayed in this SARC is from the 2016-17 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.

Salary Data		2016-17 Fiscal Year
	Livermore Valley JUSD	Similar Sized District
Beginning teacher salary	\$41,057	\$49,512
Midrange teacher salary	\$75,629	\$77,880
Highest teacher salary	\$92,297	\$96,387
Average elementary school principal salary	\$126,800	\$123,139
Average middle school principal salary	\$131,135	\$129,919
Average high school principal salary	\$131,175	\$140,111
Superintendent salary	\$314,959	\$238,324
Teacher salaries: percentage of budget	37%	36%
Administrative salaries: percentage of budget	6%	5%

Financial Data Comparison

This table displays the school's per-pupil expenditures from unrestricted sources and the school's average teacher salary and compares it to the district and state data.

Financial Data Comparison	2016-17 Fiscal Year	
	Expenditures Per Pupil From Unrestricted Sources	Annual Average Teacher Salary
Del Valle HS	\$19,851	\$76,612
Livermore Valley JUSD	\$6,925	\$75,636
California	\$7,125	\$79,665
School and district: percentage difference	+186.6%	+1.3%
School and California: percentage difference	+178.6%	-3.8%

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at http://dq.cde.ca.gov/dataquest. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data		
2016-17 Fiscal Year		
Total expenditures per pupil	\$23,078	
Expenditures per pupil from restricted sources	\$3,227	
Expenditures per pupil from unrestricted sources	\$19,851	
Annual average teacher salary	\$76,612	

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.
