

## School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

# School Vision and Mission

## Marylin Avenue STEAM Academy Vision

Marylin Avenue STEAM Academy is a learning community that inspires all to critically think, collaborate, and innovate, in a STEAM focused environment.

## Marylin Avenue STEAM Academy Mission

To engage every student and family with a high-quality education in the fields of Science, Technology, Engineering, Arts, and Mathematics (STEAM) and how it connects to our everyday lives.

To foster curiosity, ingenuity and creativity by providing a variety of hands-on learning experiences throughout the school year that are related to the five specific disciplines of STEAM, all of which emphasize the application of knowledge to real-life situations.

To enhance key skills such as taking initiative, critical thinking, resiliency, collaboration, problem solving and communication.

# School Profile

Marylin Avenue Elementary School was built in 1958. Currently our campus houses twenty-one classrooms for Transitional Kindergarten through fifth grade. We also have four Extensive Support Needs classes within campus.

Through a team consisting of a Title I teacher and one intervention specialist, intervention is provided to students at risk, including English Learners (EL) and Foster Youth, in the area of literacy before and during school hours.

Our Parent Teacher organization (PTO), further incorporates the parents' voice within our school. The PTO provides community building and school enrichment activities. The School Site Council, comprised of staff and parents, has a voice in the School Plan, budget, and other school decisions. Parents are encouraged to volunteer in classrooms whenever possible.

Our Instructional Leadership Team (ILT) meets every two weeks to look at student data, plan next steps, and provide information to their grade-level teams and the community. Team members participate in District training, which they bring back to the staff. They also look into other resources that may provide assistance/enrichment to our students. Our Coordination of Services Team (COST) meets twice a month to discuss at-risk students and the services can be then provided to them.

Marylin's 5th graders attend activities at the middle school to become familiar with their future environment. Teachers also communicate to articulate skills needed for future success throughout the year; on early release Wednesdays, and for a full release day at least once a year.

# Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

## Involvement Process for the SPSA and Annual Review and Update

School Site Council (SSC), members were involved in the development of the School Plan by reviewing student data, discussing curriculum, resources, and their effectiveness, reading over and editing the SPSA.

We regularly meet with our English Learners' parents through ELAC to discuss concerns and how things are decided about the school, including budget. Their ideas are shared with SSC.

The plan was monitored through Smarter Balanced Assessment Consortium (SBAC) testing data, Writing Benchmark Data, grade-level assessments, grade-level and staff meeting discussions. This information was also shared with SSC members. State testing data is shared with all stakeholders in September.

Grade 4	63	59	49
Grade 5	56	61	55
Total Enrollment	362	346	358

### Conclusions based on this data:

1. Approximately 70% of our population is Hispanic/Latino.
2. Marylin's enrollment has slowly declined the last three years, with thirty fewer students than three years ago.
3. We have four Moderate/Severe SDC classes. Approximately 50 of the 360 students are in Moderate to Severe classes.

### Conclusions based on this data:

1. 45.7% of our population are English Language Learners.
2. Each year, we have approximately ten students new to the United States, who lack proficient English language skills.
3. The number of Fluent English Proficient (FEP) students has decreased almost 5% in the last 3 years,

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Complete implementation with the PLC driven groups to meet the needs of individual students.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Overall we had an increase in ELA by 10% and Math by 8% in the 22/23 school year.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Teacher salary increased across LVJUSD in 22/23 through contract negotiations.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Changes for the 23/24 school year are; STEAM implementation, project-based learning in STEAM, added reading and math teachers on special assignment, PLC work with increased program diversity, and daily implementation of Sunday and Heggerty.

# Annual Review and Update

## Goal 2

Provide an engaging, clean, healthy, and physically and emotionally safe environment to support learning at the highest levels.

## Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
Positive Behavioral Interventions and Supports (PBIS)	100% of staff will teach and support the schoolwide PBIS expectations	Students participated in the Roadrunner Raves PBIS program.
Attendance/Chronic Absenteeism	Attendance will be above 95%	Attendance was 93% over the course of the year.
Physical Fitness	Increase scores on the California Physical Fitness Test.	Students continue to follow the California State guideline of participation in the assessment process.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Kid Connection, PBIS and attendance were a focus to develop a strong bond with learning. Students have responded well to the programming and it will continue next year.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

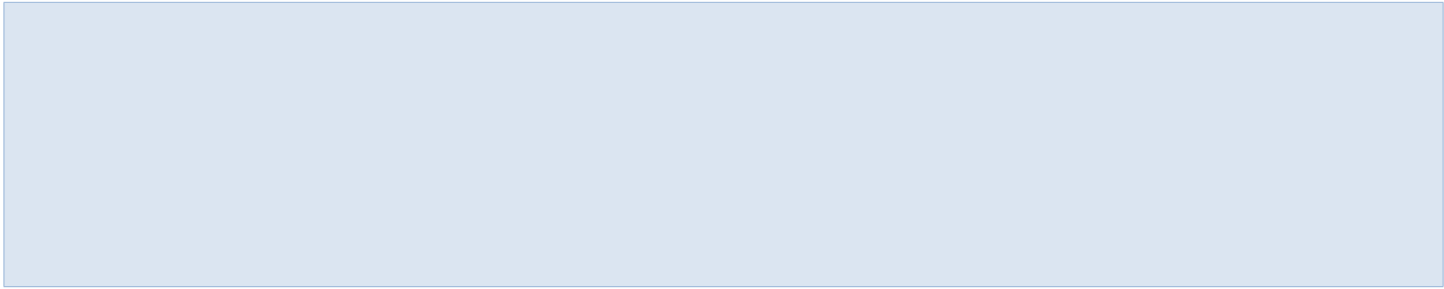

School site data for PBIS was low as log entries were not turned in often, Roadrunner Raves for positive reinforcement were given only 1x weekly.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Increase in salaries across LVJUSD for staff.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Over the course of the 23/24 school year PBIS has been completely changed to a more intuitive program that celebrates students more frequently. Schoolwide assemblies for Choose Love curriculum are monthly and awards are given to students who are positively participating in the programming. Kid connection will continue with the COST process updating to make it easier for staff, parents, or admin to refer a student they have concerns for.

There are no material differences between the proposed expenditures and estimated actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 23/24 school year a completely new PTO has been created with parents interested in creating a charter that is fiscally responsible along with supporting our students and staff in the various community events. The principal will share weekly a newsletter with the community with collaboration from PTO, staff, and support figures to keep the learning community informed. The Parent Liaison will continue to work 1/2 days but will follow the guidelines of the newly established job description.

# Budget Summary and Consolidation

The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

## Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	121,319
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	203,490.00

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Joe Meunier	Principal
Gina Juarez	Classroom Teacher
Candace Bolar	Classroom Teacher
Andrew Gonzales	Parent or Community Member
Rob Prentiss	Parent or Community Member
Myra Henandez	Parent or Community Member
Jamie Morton	Parent or Community Member
Ashley Davis	Parent or Community Member
Andrew Phillips	Classroom Teacher
Belen Thompson	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.	

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/9/23.

Attested:

	Principal, Joe Meunier on 10/9/23
	SSC Chairperson, Jami Morton on 10/9/23

# Addendum

Budget Summary and Consolidation

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

## Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

### **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

### **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

# **Appendix A: Plan Requirements for Schools Funded Through the ConApp**

## **Basic Plan Requirements**

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## **Appendix G: Title I School-Level Parental Involvement Policy**

### **Marylin Avenue STEAM Academy, Livermore, CA**

Marylin Avenue STEAM Academy School has developed a written Title I parental involvement policy with input from Title I parents which was developed and revised during School Site Council (SSC) meetings. It has distributed the policy to parents of Title I students by having copies advertised and available in the school office. The policy describes the means for carrying out the following Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

#### **Involvement of Parents in the Title I Program**

Marylin Avenue School  
Parent Involvement Policy 2023/2024

School Site Council meets to involve parents in the Title I program at Marylin Avenue School, the following practices have been established:

Marylin Avenue School convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program.

Advertised through flyers, phone calls, website

Held every Fall

Refreshments and child care provided

Marylin Avenue School offers a flexible number of meetings for Title I parents::

Annual meetings are held in the morning and in the evening.

Marylin Avenue School involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.

Monthly School Site Council meetings

The school provides parents of Title I students with timely information about Title I programs.

School Newsletters/Emails

Teacher Newsletter/ Emails

The school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.

Teacher Informational Meeting When Enrolled

Goal setting conferences

SSC meetings

ELAC meetings

PTA meetings

If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.

If the Schoolwide Plan is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the LEA.

(20 U.S.C. Section 63 C 5)

#### **School-Parent Compact**

Distributed to all parents of Title I students. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the student, family and school community will partner to help children achieve the State's high academic standards to contribute and thrive in the 21st Century. It addresses the following legally-required items, as well as other items suggested by School Site Council.

- The students' agreement includes attending school, listening, participating, completing work and demonstrating respect.

- The family agreement includes ensuring students attend school, supporting school policies, establishing routines for homework and communication.
- The school community agreement to provide a safe and positive learning environment, meaningful and high-quality instruction, participation in professional development, regular communication with families, and respect school, students, families and community members.

Marylin Avenue School has developed a written Title I parental involvement policy with input from Title I parents which was developed and revised during School Site Council (SSC) meetings. The compact has been distributed to parents at Back to School Night and is signed by student, parent and teacher.

### **Building Capacity for Involvement**

Marylin Avenue School engages Title I parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school has established the following practices.

The school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children.

- Back to School Night
- Fall conferences and office hours

The school provides Title I parents with materials and training to help them work with their children to improve their children's achievement.

- Spring conferences
- Parent informational nights

Training for parents to learn how to access online communication such as: school messaging, grade reports, Schoology classroom and school websites

With the assistance of Title I parents on School Site Council and the Parent Teacher Organization, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.

- Marylin Avenue School Leadership Team and Staff meetings
- Shared professional readings

The school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource center, to encourage and support parents in more fully participating in the education of their children.

- ELAC Committee meetings
- Community Liaison

The school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.

- All school-wide communication is translated into Spanish.
- BlackBoard phone calls and newsletters are made in English and Spanish.
- All meetings are translated into Spanish, as needed.

The school provides support for parental involvement activities requested by Title I parents.

- Community Liaison and Child Welfare and Attendance

### **Accessibility**

Marylin Avenue School provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.

- All school wide communication is translated into Spanish.
- BlackBoard phone calls and newsletters are made in English and Spanish.
- All meetings are translated into Spanish, as needed

### **Livermore Valley Joint Unified School District Technology Funding Plan – ALL SITES Technology Funds:**

#### **PROGRAM DESCRIPTION:**

All students have access to Chromebooks or Thin Clients, throughout the week, where they can visit educational sites in the area of math, language arts, science and social studies. Students in grades 1-5 are checked out Chromebook devices to explicitly enhance the learning experience in classrooms. All TK and Kindergarten classes have ipads to use in small group work. While the Computer lab is still available for use, it is the focus of our STEAM Lab for engineering and exploring activities. Students compile research, complete projects, and practice skills. Measure M funds help to fund web-based programs such as Spelling City, IXL Math, ESGI and others to enhance student mastery of California State Standards. Many of these programs can be used at school as well as at home.

All students have a Google account in which to store their work throughout the academic career in Livermore Valley Unified School District. A Teacher on Special Assignment (TOSA) supports grade level teachers to implement Google apps for education and integrating technology into classroom lessons.

Parcel tax money will be spent on web program subscriptions and repair and replacement of technology.

### 2023-24 AFTER SCHOOL EDUCATION AND SAFETY (ASES) Program Description and Goal

#### PROGRAM DESCRIPTION:

The ASES program staff collaborates with the regular school day staff to ensure students are successful by supporting the completion of homework on a daily basis. The program also provides students with academic enrichment, character development, and physical activity. Enrichment activities include Arts Attack, Scholastic Reading, Frog Math, and SPARK PE.

**LCAP GOAL 1:** Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready.

**Focus Area:** After School Education and Safety (ASES) – Academic Enrichment and Support

**SCHOOL GOAL:** Students in the after school programs, BELIEVES and PAL, will complete 80% of their homework on a daily basis to support understanding of concepts being taught during the regular school day. School day staff will collaborate with after school staff regarding homework expectations.

**What data did you use to form this goal?** Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.

**What were the findings from the analysis of this data?** Socio-economically disadvantaged students require support in completing their homework to help to improve students' understanding of classroom curriculum, maximizing the achievement.

**How will the school evaluate the progress of this goal?** Local assessments, staff, parent, and student surveys, as well as attendance logs.

Date	Person(s) Responsible	Task/Date	Funding Source
August – June	ASES staff	1. Support and track homework completion	ASES funds LCAP Supplemental funds
September - May	ASES staff and school day staff	2. Collaborate with school day staff through staff meetings, surveys, email and feedback to ensure academic alignment.	

During the period of COVID-19 pandemic accommodation, the program listed above is functioning in a virtual mode. In all cases, fidelity to the intent of the programs has been maintained.
