2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vineyard Alternative School provides an independent study program for students in grades K-12. Our school provides an alternative educational option that enables our students to best realize their potential. It offers flexibility to meet individual needs, interests, and styles of learning.

Vineyard Alternative School uses three models of instruction to facilitate student learning. The first model consists of a more traditional independent study model, where students receive instruction from a teacher on a one-to-one basis. The second model of instruction incorporates blended learning, in which instruction is supplemented with online learning platforms, such as Edgenuity and ALEKS, promoting self-paced instruction and technology, accompanied by one-on-one teacher support. Lastly, our school uses small-group instruction to help students achieve positive learning outcomes. In this model, a group of five to fifteen students is able to not only interact and engage with the teacher and the curriculum but with other students in a small classroom environment. In all three learning models, students are taught, guided, and advised by highly qualified credentialed teachers who exercise their expertise in the subject area in which they are certified.

2023-24 School Description and Mission Statement

Both the elementary and middle school programs are designed to assist parents/guardians who wish to instruct their children using a homeschool model while guided by a credentialed teacher. Our team of educators assists parents to reach a common educational goal as we adhere to the Livermore Valley Joint Unified School District (LVJUSD) curriculum guidelines and the California State Standards while encouraging parents/guardians to foster a creative learning environment at home. The high school program affords students the opportunity to work with various teachers as they take differing courses. Together, they approach the curriculum in an individualistic manner to help meet the needs and interests of students. Flexibility within the curriculum is an integral part of the program, and Vineyard staff strives to be creative and supportive to both students and parents/guardians. The high school program is accredited through the Accrediting Commission for Schools: Western Association of Schools and Colleges (ACS WASC), and high school students meet the same graduation requirements as students who attend our District's traditional high schools. Our high school students have the opportunity to participate in the Tri-Valley Regional Occupational Program (TVROP), the Middle College Program, and may concurrently enroll in classes at one of our traditional high schools or at the local community college. Vineyard high school students concurrently enrolled at their high school of residence also have the opportunity to participate in sports and other extracurricular activities.

As a school, we understand the best learning takes place when a student learns because of their desire to learn, which is why our program is flexible and allows us to focus on the individual needs of each student. We maximize our connections with students to develop the positive values of self-reliance, initiative, kindness, resourcefulness, creativity, and responsibility.

School Mission Statement

Upon graduation, each student will be academically and intellectually prepared with the skills needed to contribute and thrive in a changing world.

School Vision Statement

Vineyard Alternative School students will be motivated to become excited and curious learners. They will develop a respect for and a deep understanding of how education is a pathway to a better standard of living.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.50	0.40
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.50	0.40

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	1.40	3.00
Total Out-of-Field Teachers	1.40	3.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	7.1	4
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	10	8.1

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The LVJUSD has adopted the Next Generation Science Standards and the California State Standards in the following content areas: English/language arts and literacy in history/social science, science and technical subjects, and mathematics. Our district has also adopted the State content standards for history/social science, English language development (ELD), physical education, visual and performing arts, and career technical education. Our district adheres to State curricular guidelines for health and foreign language. The LVJUSD Board of Education has approved and adopted instructional materials in all content areas, aligned to State and district-adopted standards.

Our district reviews and adopts textbooks based on State and district standards. Our district instructional materials are selected and adopted in accordance with board policy and Board Regulation 6161.1 for Selection and Evaluation of Instructional Materials. Supplementary materials, including core literature and state-approved intervention materials are selected and used to increase access to standards-based instruction.

Our district's selection process includes a committee of teachers, along with parent input. The committee develops evaluation criteria, pilots materials, makes recommendations appropriate to each adoption cycle.

The final book selection is based on input from a district committee. Staff development is provided for all new textbook adoptions. Districtwide adoptions include elementary English language arts and English language development in 2018-19 and secondary in 2019-20, history/social science in 2005-06, elementary science in 2022, grades 6 - 8 science in 2021, grades 9-12 math in 2007-08, grade 6-8 math in 2014, and grade K-5 math and algebra 1 in 2016. Textbooks are available, without charge, for all students. Each student receives a book for his or her own use. Students are responsible for keeping textbooks in good condition and for returning them promptly at the end of the school year.

By the eighth week of school each year, the LVJUSD Board of Education passes a resolution certifying, "Sufficient Standards-aligned textbooks and instructional materials were provided to each student, including English learners (EL), in mathematics, science, history/social science, and English/language arts, including the ELD component of an adopted program." Foreign language and health textbooks are adopted and ordered in sufficient quantities. In addition, science laboratory equipment is available for science laboratory courses offered in grades 9-12, inclusive.

In accordance with the terms of the Williams case settlement and Education Code 35186, a uniform complaint process has been developed, and guidelines are posted in every classroom. "Each student, including English learners, must have a textbook or instructional material, or both, to use in class and to take home. This requirement includes pupils enrolled in foreign language and health classes, and is applicable to science laboratory equipment for science laboratory courses offered in grades 9-12 inclusive." No complaints have been filed relative to "sufficiency" of instructional materials in our district.

School Facility Conditions and Planned Improvements

Vineyard Alternative School is located on a school site that was established in 1994 and offers students a quiet and inviting setting to facilitate learning. The school site provides a clean, safe, and pleasant learning environment. The site is accessible to students with disabilities, offers wireless internet access in each classroom. The general condition of the school is wonderful with well-maintained cultivated areas of green grass, and buildings that have been thoroughly cared for. The school is cleaned on a daily basis by custodial staff who handle many repairs that are needed. If the need for larger repairs surfaces, the Maintenance Operations and Facilities Department is quick to respond and correct any issues. Our campus is shared with three other community organizations, and the classroom space used by Vineyard Alternative School teachers and students is sufficient to support teaching and learning. In order to ensure student safety as our school accommodates differing student schedules, all students are required to check-in and check-out at the front office as they arrive and leave campus. To further foster a safe school environment, a fence around the perimeter of the classrooms used by Vineyard has been constructed, which was paid for by a facilities bond measure approved by voters. Education is a top priority in the community of Livermore, and maintaining a safe and orderly environment maximizes student learning. The citizens of Livermore have passed three major funding measures targeting school facility needs:

Facilities are maintained through the diligent efforts of the site custodial crews and our District maintenance staff. Our Board of Education has adopted cleaning standards for all schools in our District. The principal works with the custodial staff to develop cleaning schedules to maintain clean and safe schools. District maintenance staff performs the repairs necessary to keep the schools in good working order in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	30	38	47	50	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Vineyard Alternative School has designed an independent study program where students achieve their high school educational goals as they become college and career ready. Our school provides students with a challenging academic experience while integrating the teaching of skills that are needed to be successful in the workforce. Students are always encouraged to take a variety of courses that not only meet college entrance requirements but also focus on workforce preparation that is of high interest to them. Vineyard Alternative School offers students the opportunity to gain access to Career Technical Education (CTE) classes on our campus, or by concurrently enrolling at one of the other high schools in our District, or by participating in the Tri-Valley Regional Occupation Program (TVROP). On our campus, students can take the following CTE courses:

- Environmental Resources

Throughout the school year, TVROP has a strong presence in our District and at Vineyard Alternative School to encourage participation in Regional Occupation Program (ROP) classes. It offers students courses and career pathways through practical hands-on classes in several areas on high school campuses throughout the Tri-Valley, which include campuses in the cities of Livermore, Pleasanton, and Dublin. The courses offered fall under the following career pathways:

- Arts, Media, and Entertainment
- Education, Child Development & Family Services
- Energy and Utilities
- Engineering & Architecture
- Health Services and Medical Technology
- Information and Communications Technologies
- Manufacturing and Product Development
- Marketing, Sales, and Service
- Public Services
- Transportation

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Livermore Valley Joint Unified School District (LVJUSD) values active parent engagement and believes that parent involvement is essential to the success of all students. LVJUSD Board Policy 6020(a) states: "The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home."

Educational research suggests that highly effective schools have a number of features in common, including high levels of parent and community involvement. When parents take an active role in their children's education, students perform at high levels and have more well-rounded educational experiences. LVJUSD parents are welcome partners in our school community. There is a range of opportunities for parents to engage with schools, including Parent-Teacher Associations (PTAs), Parent Faculty Associations (PFAs), sports and activity booster clubs, and other supporter groups. On a monthly basis, the Superintendent of Schools meets with a representative of each school's parent organization at the Parent Communication and Information Council (PCIC). This gathering provides an opportunity for parent groups to collaborate with each other and representatives of our district regarding events, opportunities, and activities for students and families. This is also a time district representatives share new initiatives and current information with parent leaders. In addition, parents have the opportunity to share general concerns and ask questions directly to the Superintendent. Each school also has formal advisory groups including the School Site Council (SSC) and the English Learner Advisory Committee (ELAC) which represent other parents at the site and are critical in the development and monitoring of the School Plan for Student Achievement (SPSA). A representative from each SSC serves on the District Local Control Accountability Plan (LCAP) Advisory Committee and a member of each ELAC serves on the District English Learner Advisory Council (DELAC), which also serves as the LCAP English Learner Advisory Committee. Through these two-way systems of parent support and engagement, parents, district, and school staff have open lines of communication and opportunities to engage in meaningful ways with the school community.

2023-24 Opportunities for Parental Involvement

Vineyard encourages parents/guardians to be involved with their child's education. Families are expected to support their children through their learning and are in constant contact with teachers and the school. There is a Newsletter that is sent out weekly to get information out to families. We also have an active School Site Council (SSC) that meets four to five times per school year to support the vision and mission of the school.

2023-24 School Safety Plan

The School Safety Plan is reviewed and updated annually in August. It was last reviewed with staff August 2023. A copy of the plan is provided to all staff at the site. The Plan identifies procedures, staff responsibilities, and coordination of safety issues. The plan covers preparedness response for earthquakes, fires, and intruders. The site follows our district drill plan for the practice of each type of major safety concern, and all organizations at the site participate in the practice drills.

Fiscal Year 2022-23 Types of Services Funded

Categorical funds support a wide range of districtwide and site services to assist all students, including underperforming students, in meeting and exceeding standards. At the district level, categorical funds are used to provide program specialists and staff to monitor, implement, and oversee Migrant Education, Native American Education, Special Education, intervention; summer school; Tri-Valley Teacher Induction Project (TV/TIP) and new teacher support; professional development; and the English learner (EL) program.

District-level advisory committees such as the Local Control Accountability Plan (LCAP) District English Learner Advisory Council (DELAC), Career Technical Education (CTE) Advisory Committee, Technology Committee, Elementary Math Leads, Algebra Task Force, and Special Education Advisory Committee provide input and guidance to ensure compliance and ensure funds are used so that student needs are met. In addition, our District is implementing the LVJUSD Framework for Success. The framework includes Multi-Tiered Systems of Support (MTSS) for students' academic, behavioral, and social-emotional needs.

The following categorical programs provide the following services.

Categorical Program Funding Sources and Services:

- After School Education and Safety (ASES) funds support the Livermore ASES (BELIEVES) program at Marilyn Avenue Elementary and Junction Avenue K-8 Schools by providing enrichment opportunities, homework support, and an emotionally and physically safe environment for students.
- Carl D. Perkins Career and Technical Education funds provide professional development, services, materials and resources for career technical education in our high schools.
- Tri-Valley Teacher Induction Program funds provide training and coaching for our new teaching staff and funds professional development.
- Special education funds provide staffing, including program specialists, psychologists, therapists, professional development, transportation, and supplementary materials for special needs students.
- State Assessment Apportionments are used to administer state-mandated assessments.
- Title I: Funds provide resource teachers, supplemental instructional materials and assessments, instructional aides, staff development, and parent involvement.
- Title II: Improving Teacher Quality funds provide high-quality professional development, training, and coaching to certificated staff.
- Title III: English learner funds provide EL programs, services, parent education, professional development, supplemental instructional materials, and support staff to ensure quality programs for English Learner students.

Professional Development

Our district recognizes that each employee—classified, certificated, and management—influences the opportunities for students to achieve at the highest levels. In line with our District Professional Development Plan, we offer and support ongoing growth opportunities that allow every teacher, administrator, and staff member to further develop the appropriate knowledge, skills, and practices required to create learning environments that allow all students to demonstrate high levels of achievement. Our Board of Education and our district administration recognize that all staff members of the LVJUSD must be provided time and support to acquire, improve, and enhance professional knowledge, practices, and skills.

Professional Development

During the 2023-2024 school year, relevant and timely professional development will be available and delivered to employees. Three designated professional development days and a flexible professional development day for certificated staff provide the option of individualized professional growth for teachers. Employees will be able to access professional development opportunities through attendance at a conference-style professional development day; attending workshops after the instructional day; or through on-line recorded sessions.

As part of the process used in annually updating our District Professional Development Plan, staff reviewed student academic and Social-Emotional Learning data; as well as reviewed feedback/input from staff from the previous years' PD opportunities. Professional development will primarily focus on effective Tier-I instruction; Tier-II support programs; Positive Behavioral Interventions and Supports (PBIS), student and staff safety; customer service; meeting the needs of students with Individual Education Plans (IEP); effective usage of technology as an instructional tool; effective instructional practices for English learners; and implementation of specialized programs such as Dual Immersion, International Baccalaureate, Advancement Via Individual Determination (AVID), and Advanced Placement programs.
