

Livermore Valley Joint Unified School District's Measure J Citizens' Bond Oversight Committee

Annual Report, Fiscal Year 2020-21

On June 7, 2016, the voters of Livermore overwhelmingly passed the \$245 million Measure J Bond. Measure J allows renovation of aging Livermore classrooms and school facilities, addressing aging infrastructure, modernizing outdated facilities, and providing 21st century instructional technology. Measure J is supporting the Livermore Valley Joint Unified School District's (LVJUSD) mission that "Each student will graduate with the skills needed to contribute and thrive in a changing world."

Under Proposition 39, a school district's Board of Trustees is required to establish and appoint members to an independent citizens' oversight committee. The purpose of the Citizens' Bond Oversight Committee (CBOC) is to inform and alert the public regarding the expenditures and uses of Measure J Bond money.

Measure J Citizens' Bond Oversight Committee

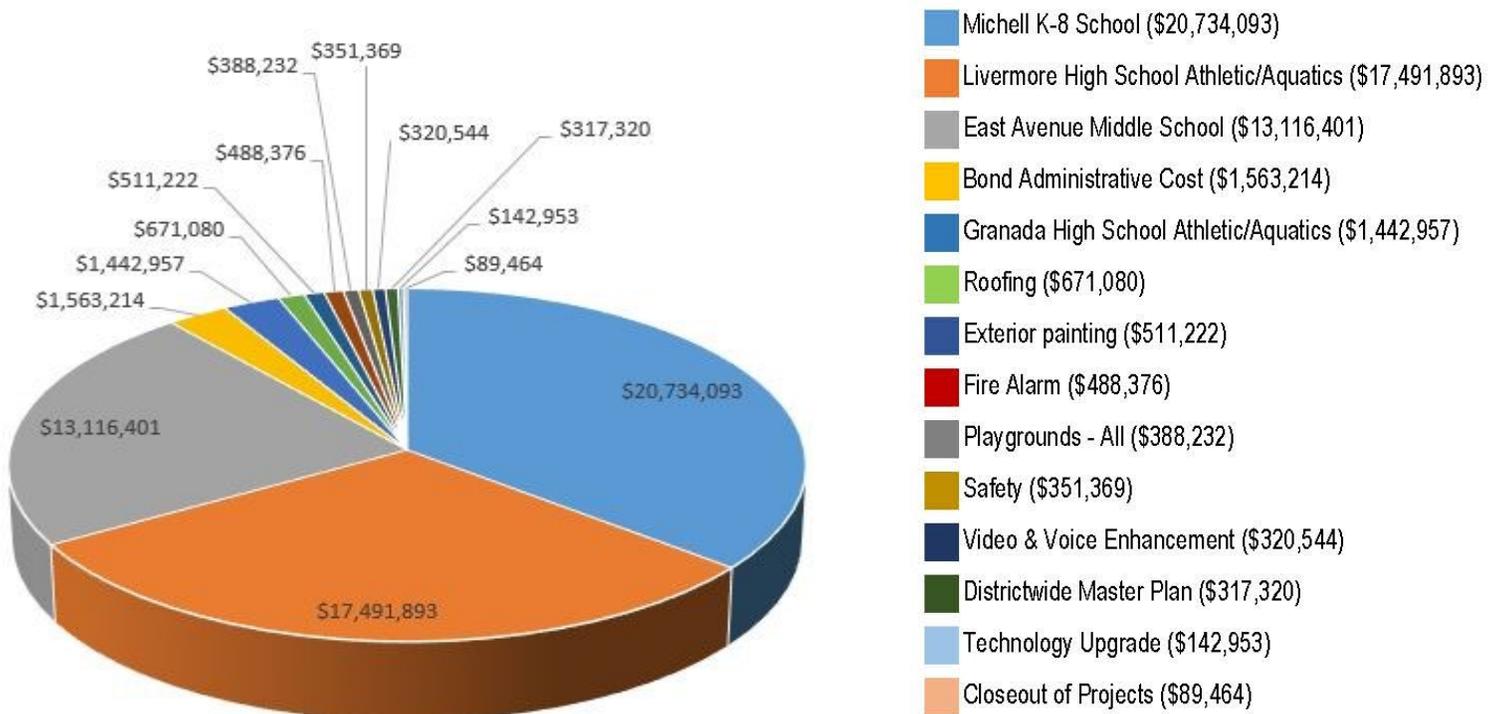

The CBOC is pleased to present our 5th Annual Report. The expenditures shown are for fiscal year 2020/2021 only and do not reflect total project expenditures. Based on our review and observations, the Measure J CBOC finds that the LVJUSD is in compliance with the requirements of Article XIII A, Section 1(b) (3) of the California Constitution, and that funds are being used for the purposes specified by Measure J Bond language, as audited by Nigro & Nigro, PC, a professional accountancy corporation, which disclosed no instances of non-compliance with the terms of Proposition 39 or Measure J.

The District continues to efficiently deliver the voter-authorized bond projects consistent with community identified priorities. The CBOC appreciates the timely and transparent project financial reporting. The projects appropriately reflect student centered bond priorities, and the CBOC appreciates Bond team efforts made more challenging during the ongoing corona virus pandemic.
