

LIVERMORE
SCHOOL DISTRICT

Brought to you by the LVJUSD
UNITE Team & Math Coaches

LVJUSD TK/K Math Passport

The LVJUSD Math Passport Games challenge our students to apply math in real world settings.

To receive recognition and an award in the fall for completing the Math Passport, please fill in the information below and return this packet to the District Office, 685 E. Jack London Blvd., by August 20, 2023.

Student Name _____

School _____

Grade in Fall 2023 _____

Civic Center Library

1188 S. Livermore Avenue

Welcome to the library, Kindergarten Math Star!

In order to discover your first Math Password, find the Puffed Up Prince and Princess and count all of the gems in both of their crowns. How many are there in all?

Livermore/Pleasanton Fire Station 4550 East Avenue

This is the home of Livermore's Centennial Bulb, which has been burning since 1901!

To figure out your next Math Password, look on the sign to learn what the station number of this fire station is. What is the station number?

Robert Livermore Community Center 4448 East Avenue

Welcome to the Robert Livermore Community Center.

To figure out your next Math Password, look below the word "Entrance". How many 4's and 8's do you see in all?

Robertson Park

3200 Robertson Park Road

This is where the Livemore Rodeo occurs every spring.

To figure out your next Math Password, count all of the small umbrellas and all of the large umbrellas. Which are there more of... small or large?

Bothwell Arts Center and Park 2466 8th Street

Lots of local artists work here in the Bothwell Arts Center.

To figure out your next Math Password, find the mural on the building (near the playground). Which color has the most paint splatches?

Carnegie Park 2155 Third Street

Carnegie Park is home to the building that was Livermore's first public library, and is now a historical museum.

To figure out your next Math Password, find the bandstand and look at the floor. Count the concrete triangles. How many are there in all?

Post Office 220 S. Livermore Avenue

Welcome to the main branch of the Livermore Post Office.

To figure out your next Math Password, go inside and find the door in this photo. Look at the word above it. How many letters are there in all?

Donut Wheel 2017 First Street

Welcome to the Donut Wheel! This building was built in 1941, as a Purity grocery store. It became Donut Wheel in 1962.

To figure out your next Math Password, find the address on the wall. Add up all of the digits. What is the total?

Stockmen's Park

29 S. Livermore Avenue

Stockmens Park is a beautiful new park in downtown Livermore with a grassy lawn and a statue of a cowboy/veteran to honor the area's vets and forefathers.

To figure out your next Math Password, count all of the light poles around the edge of the lawn. How many are there in all?

Bankhead Theater 2400 First Street

The Bankhead Theater is a great place to see live shows and music.

To figure out your next Math Password, look at the bricks in front of the Bankhead doors. Find the brick pictured here, and identify the shape that appears in the design.

Answer Key

Library	19
Fire Station	6
Community Center	9
Robertson Park	small
Bothwell Arts Center	blue
Carnegie Park	8
Post Office	10
Donut Wheel	10
Stockmen's Park	14
Bankhead Theater	circle
