

## Entering IB Courses onto UC Application

\*The UC application gives students the option to choose more than one “term type” in the “High Schools Attended” section. Doing so will allow students to input courses that were either two trimesters (semester grading: which applies to the majority of GHS courses) in one year or three trimesters (trimester grading) in one year. Students should select both term types as a starting point so that they can enter courses and grades accordingly.

### What is this school's term system? \*

- Full year (1 final grade per year)
- Semester (2 final grades per year) 
- Trimester (3 final grades per year) 
- Quarter (4 final grades per year)

In the “Academic History” → “High Schools” section, you will select “IB” for specialized curriculum.
