

International Baccalaureate Diploma Programme Addendum to Granada High Academic Honesty Policy

(updated October 2021)

All IB DP teachers will emphasize the importance of academic integrity in their classes, remind students of our Academic Honesty Policy and reinforce its implementation by teaching students the five fundamentals of honesty, trust, fairness, respect and responsibility. The EE coordinator will place a strong emphasis on this policy and give students guidance, resources, and support on correct citation of sources and proper paraphrasing of source material throughout the process of working with students on the EE. The DP coordinator will ensure that DP students and parents are all aware of the policy and understand its implications.
